 - a. MTP
 - LM (include DIP joint)
 - b. Tarsus
 - LM
 - DLMPO
 - DP
 - DMLPO
 - c. Stifle
 - LM
 - CdCr
 - CdLCrMO

Notes:

- Images should be acquired by a high quality imaging system (DR or CR)
- DICOM images are essential and can be electronically transferred via use of Dropbox or a similar file sharing service. Direct email of files greater than 5 MB is rejected by ISP. Alternatively, CD disc can be mailed.
- Provisional evaluation can be performed on jpg images of 300 KB via email at rolandthalerVMD@metamoraequine.com.
